Dear Doctor,

I would like to welcome you to the North East Valley Division of General Practice. We are one of the 30 Victorian Divisions within a total network of 120 Divisions Australia wide.

As detailed in the attached information, we have approximately 250 GP members at any one time spread across nearly 80 practices in the North East of Melbourne. In addition, we have the most visited web site of any Division in Australia, which has a wealth of information for you the GP and your patients. In particular, you will find a detailed map of the Division's practices, Aged Care homes and Accredited Pharmacists on the Division's home page at [www.nevdgp.org.au](http://www.nevdgp.org.au).

We have a very active Board of Management currently comprising 10 General Practitioners who meet monthly and are always available for you to contact on policy matters relating to the Division.

As a service organisation we offer a wide range of support for you and your practice staff all of which is detailed in the welcome kit. We have a weekly eNews publication detailing current & topical events. To register to receive the eNews, please email [patty@nevdgp.org.au](mailto:patty@nevdgp.org.au) with your email address. In addition we have a comprehensive quarterly newsletter which is mailed to all members.

The Division office is located at the Repatriation Hospital campus of Austin Health. A map of where to find us is included in this Kit. You are always welcome to visit us during normal business hours. Our office contact number is 9496 4333 and our fax is 9496 4349.

We look forward to your continued membership of the Division and invite you to contact us with any request relating to you, your practice or your practice staff. You can contact me personally on any matter by email at [ken@nevdgp.org.au](mailto:ken@nevdgp.org.au) , or by telephoning the Division office.

Yours sincerely

Ken Mansbridge  
CEO
